Timberline CUSTOM DOORS

©2017 A Division of Old World Millworks Inc.

Like fine custom furniture, our handcrafted doors bring beauty and warmth to any home or office. Each interior and exterior door is built right here in our shop, whether it's a historic replication or an architect's design for a new home. As a family-owned millwork manufacturer for over 40 years, our commitment to detail and quality is apparent in every door.

- Tenon and dowel joinery
- Premium solid hardwood skins, not veneers
- Over 40 panel and sticking options from our tooling library, plus custom capabilities
- Available as slabs or pre-hung in built-to-order jambs.

Contemporary 3-Panel Bi-Fold

Louvers with Lock Rail

EXTERIOR DOORS

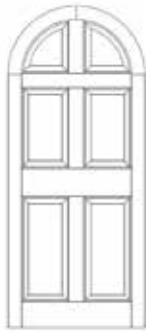

Custom details for a first impression that lasts. We use weather-resistant solid lumber cores for optimal performance. The cores are wrapped in exterior hardwood skins, not veneers, so the true quality of the wood endures over time.

ESSENTIAL ELEMENTS

The difference is in the details.

DOOR MOULDINGS

Several profiles are available for bed or applied mouldings, or tooling can be made for custom designs.

SPECIALTY DOORS

Louvered, pocket, clipped top, special thickness and split species options available.

PREMIUM HARDWOODS

Dozens of species available, in multiple select grades such as rift sawn and quarter sawn.

GLASS & HARDWARE

Clear, textured, and patterned glass styles in both TDL and SDL options for doors, sidelites and transoms. Concealed and pivot hinges are available in addition to our standard square-cornered ball-bearing hinges for pre-hung doors.

ASSA ABLOY

SOSS®

FIRE-RATED WOOD DOORS & JAMBS

20, 45, 60 and
90 Minute Ratings

Continue the impact of premium doors with our Intertek certified fire-rated wood doors. The fire-resistant core is concealed between outer layers of solid hardwood panel and sticking profiles to match the design of other interior doors.

CUSTOM MILLWORK

Linear & curved mouldings, arched openings, shutters, corbels, brackets, turnings, porch & stair components and more.
